1. Introduction

This is our code of practice on debt recovery, which explains the services we offer and tells you what to do if you have any problems paying your bill on time. This code of practice has been produced in line with the terms of our licence and guidance issued by Ofwat. Ofwat is the economic regulator of the water and sewerage industry in England and Wales. Most of the information included in this code also applies to commercial customers, except where specific reference is made to domestic customers.

Copies of this code are available on our website at www.leeputilities.co.uk. We will also send a copy free of charge in response to a request. To request a copy please call our customer service team on 0345 122 6780.

Our full contact details can be found in Section 14 of this leaflet.

We produce a range of helpful leaflets about our services. For more details please see Section 15 of this leaflet.

About us

Leep Networks (Water) Ltd (LNWL) is a water and sewerage service provider, operating to the same high standards as every other licensed water company in England and Wales.

Much of the information in this code applies generally, whatever services we provide, but the sections on sewerage and treatment services only apply where we provide sewerage services and the sections on water services and supply interruptions only apply where we provide water supply services. Similarly, some aspects of the sections on pipework responsibility, on emergencies and on guaranteed standards may not apply if we do not provide both services.

If you do not receive both services from us, you will also receive a separate bill for the other service from another water company. Contact details for that other company will be given on their bills and you should contact them for information or advice about the services they provide or to make a complaint about those services.

2. Advice if you have difficulty paying

If you have difficulty paying your water bill, please let us know as soon as possible. We want to help and, although we cannot reduce your bill, we may be able to make special payment arrangements to suit your circumstances.

Please call our customer service team on 0345 122 6780. We can always try to help but only if we know you have a problem.

If you prefer you can get independent advice. Some suggestions on this are provided in Section 4 of this leaflet.

Your bill

For domestic customers, we will send you a bill every three months and expect you to make payment within 14 days. Commercial customers are billed quarterly, though some high usage customers may be billed monthly. If you are a commercial customer and would like to discuss a different billing frequency, please call our customer service team on 0345 122 6780.

The easiest way to pay your bill is by direct debit* from your bank or building society. You can set up a direct debit for either monthly payments or for the total bill value. Simply complete the Direct Debit form with your bill and we will do the rest.

**If you are in an area that was formerly supplied by United Utilities, paying by direct debit will entitle you to £5 discount per annum*

Alternatively, you may also pay using the following methods:

- by phoning us with your debit or credit card details;
- by standing order;
- by cash or cheque at your bank or building society;
- by cash or cheque at any branch of Natwest (National Westminster Bank Plc);
- by BACS or CHAPS;
- by your own internet or telebanking facilities;
- by cheque at our head office, Level 2, Metro, 33 Trafford Road, Manchester M5 3NN;
- by post to: Leep Networks (Water) Ltd, Level 2, Metro, 33 Trafford Road, Manchester M5 3NN (please do not send cash through the post). Please write your account number on the back of the cheque.

If you have difficulty making payment by any of the options listed above or would prefer to pay more frequently then please call our customer service team on 0345 122 6780 so that we can discuss your requirements and agree a suitable payment option. We will not charge any extra for any of the above methods of payment but please note that your bank or building society may make charges for certain types of payment.

3. Options if you are having difficulty making payment

Set up a payment plan with our help

You have to pay for the water and/or wastewater services we provide. We know that finding the money can be very difficult for some people, especially those on a fixed income, and we would like to agree an instalment plan with you, so you can pay the bill in amounts you can afford.

We have a range of instalment plans available which will make paying your bill easier. If you contact us quickly we can agree a payment plan (for example, paying in fortnightly instalments) that is helpful to both you and us.

You can also pay your bill in convenient monthly instalments by direct debit, again tailoring the number of payments during the year to suit your particular circumstances.

Making direct payments from your benefit allowance

If you cannot pay your bill and you are claiming Income Support, income-related Employment and Support Allowance, Job Seekers Allowance or Pension Credit, Job Centre Plus may be able to make small regular instalments out of your benefit direct to us.

This has the following advantages for you:

- making payment is easy and free;
- you do not have to remember to make payments;
- there is no chance of getting a County Court Claim.

What else can you do?

Even if you are not getting Income Support, your local Job Centre Plus office may be able to help. Please make sure that you tell us if you have asked them for help.

4. Getting independent advice on paying your bill

You can get independent advice from a local advice agency. For example:

- Citizens Advice

www.citizensadvice.org.uk or by calling 03444 111 444

- Money Advice Centre

www.moneyadviceservice.org.uk or by calling 0800 138 7777

- Jobcentre Plus

www.gov.uk/browse/benefits

s

- StepChange Debt Charity

www.stepchange.org or by calling 0800 138 1111

- National Debt Line

www.nationaldebtline.org or by calling 0808 808 4000

Your local council may be able to give you details of how to get advice.

Advice agencies have experience of dealing with a range of debt problems and will be able to advise you on your rights and benefit entitlements if you are on a low income.

5. The steps we will take if you do not pay your bill

If you do not pay, or you do not keep to an agreement with us about payment, there are certain steps we will take to recover the money we are owed.

Where water is supplied solely to a property other than a domestic dwelling, after a first reminder Leep Networks (Water) Ltd will send a notice that it intends to disconnect the water supply if the debt is not paid. If payment is still not made or the customer does not contact Leep Networks (Water) Ltd to agree a payment plan, the supply may be disconnected.

A Court Claim may then be issued to recover the outstanding debt if the customer does not contact Leep Networks (Water) Ltd to agree a payment plan to get the supply

reconnected. Before the supply is reconnected, a charge will be made and payment of a significant proportion of the outstanding debt will be required.

Where domestic bills remain unpaid, we set out below the steps we take in these cases. We want to avoid having to take these steps. At any stage, you can contact us (or our agents if the account has been passed to them) and make and keep an agreement to pay that will avoid further debt recovery action.

We will also put recovery on hold if you contact the Consumer Council for Water, JobCentre Plus or the Department for Work and Pensions. However, if you persistently default on an agreed plan, we may still take the following steps:

Step 1

We will send you a reminder that gives at least seven days to pay the amount you owe. If you are not liable for the bill or dispute the amount, please tell us within seven days of receiving our reminder. We will look into the matter, but if we cannot agree, we will ask the court to decide.

If we do not hear from you, we will seek to get in touch with you and will send you a final notice before moving to step 2.

Step 2

We may pass your account to a debt collection agency. They will contact you by letter, telephone, and/or personal visit to arrange for you to pay. Debt collection agencies, who work on our behalf, are members of the 'Credit Services Association' and agree to operate within a clear set of customer service standards and guidelines.

If you tell us you are not happy with the way the debt collection agency dealt with you, please phone us on 0345 122 6780 and we will do our best to sort things out immediately.

If we refer a debt to a collection agency, which proves to be unfairly pursued, you will receive a £35 automatic payment. If a debt collection agency we use is found to have acted improperly you will receive £35 compensation.

Step 3

If you still do not contact us and make an agreement on how you will pay, the County Court will be asked to order you to pay. This means that you will receive a claim and the court will be asked to add the court and legal costs to the amount you owe. If you still do not pay, we will ask for judgment that would involve you in more court and legal costs.

Step 4

You must keep to the court order. Otherwise, we will ask the court to take enforcement action. This may include:

- Oral Examination – this would require you to go to court to explain your financial circumstances, so that the court can decide how much you should be able to pay.

There

would be legal penalties if you fail to attend;

- Warrant of Execution – this would mean bailiffs calling at your home and seizing property which could be sold to pay the debt and the costs of recovery action;
- Third Party Debt Order – this would be an order of the court giving access to your bank account so that the amount of the debt and the costs of recovery action could be taken directly from it;
- Attachment of Earnings Order – this would order your employer to deduct money from your earnings and pay it to us or the court;
- A Charge on Your Property – this would mean that an order would be placed on your home so that if you sell it your solicitor must pay your debt to us from the proceeds.

All these steps only happen if you do not contact us, or do not keep to an agreement to pay. For all customers, it is important that you get in touch as soon as you know you may have problems paying, and then make the payments you have agreed with us.

Please remember that if a payment arrangement is set up for you because you have a debt with us and you do not keep to this arrangement then the whole debt becomes immediately due.

Please also remember that if you do not pay your bill, your credit rating could be affected which may make it difficult for you to obtain credit or financial help in the future.

If you are unhappy with the account and wish to dispute the account balance, then please contact us as soon as possible on 0345 122 6780. We will then discuss the account with you and if necessary will place a hold on the debt recovery process while we investigate your dispute.

6. Ways you can save money

Be smart on how you use your water

We can offer a number of useful hints and tips on how you can save water and reduce the amount that you use, helping to cut your bills. Information is available on our website, over the phone, or in writing.

Website: <https://www.leeputilities.co.uk/domestic>

Telephone: 0345 122 6780

By post: Leep Networks (Water) Ltd

Level 2
Metro

33 Trafford Road
Manchester
M5 3NN

7. What happens if you are a tenant?

If you live in rented accommodation, it is not always easy to see who is legally responsible for the bill. Our water charges have to be paid. This is usually by the person who lives in the property and uses the water. Unless your landlord has entered into an agreement with us, in writing, accepting responsibility for our charges, this means you.

Check your tenancy agreement. If your landlord is responsible for the bill and, owing to their non-payment, we start to take debt recovery action against you, or if your bill is for a previous tenant, please call us straight away. We can only help you if we know. Please call our customer service team on 0345 122 6780.

If you do not think you are liable for the bill or you dispute the amount, you must tell us as soon as possible and we will investigate the matter. While investigating, the debt recovery process will be temporarily put on hold.

8. Something has changed

We will always do our utmost to help you if you are struggling to pay your bill. For this reason, it is important that you tell us immediately if your circumstances change which may affect your ability to pay.

A reduction in household earnings or a diagnosed medical condition can both impact on your income or volume of water you use. We will talk through this with you and offer assistance where we can.

9. Unsure if your bill is correct

If you have any concerns regarding the accuracy of your bill, please contact us as soon as possible on 0345 122 6780. We will review your account in full and provide a full explanation of the bill where required, making amendments where necessary.

10. I've moved

If you have moved home, or your property is now empty, please let us know as soon as you can. We will update our records to reflect this change and it only takes a quick call to our team. You can contact us on 0345 122 6780.

11. Help for customers

WaterSure (for vulnerable customers who use large amounts of water)

We can help you with a capped bill if your household uses an unavoidably high amount of water due to family size or certain medical conditions. To qualify for this reduced rate, you must receive Council tax benefit, housing benefit, income support, income-based jobseeker's allowance, state pension credit, income-related employment and support allowance, child tax credit (unless you only receive the family element) or working tax credit, Universal Credit and either have:

- a large family (with at least three dependent children under the age of 19 and for whom child benefit is being received); or
- a member of your household who has certain medical conditions that require the use of significant amounts of extra water. These include desquamation (flaky skin loss), weeping skin disease, incontinence, abdominal stomas, Crohn's disease, ulcerative colitis and kidney failure requiring home dialysis. Other medical conditions may also be eligible if your doctor agrees that they require significant use of extra water.

You do not qualify for the scheme if:

- your bill is not based on a meter reading (unless we were unable to fit a meter at your property and you have chosen to pay an assessed charge); or
- you have a swimming pool with a capacity of over 10,000 litres; or
- you water your garden with a non-handheld appliance, such as a sprinkler or domestic irrigation system.

If you do qualify for the WaterSure scheme, you will pay no more than the average household bill for the local supply area. If you believe that you may qualify for this special rate, please call our customer service team on 0345 122 6780 who will help you with your application. We will ask you to complete the form with supporting documentation. LNWL may contact the relevant bodies to confirm any questions we may have.

Each year eligible customers will need to re-confirm details to support that they still qualify for this special rate.

Change of circumstances

Please tell us straight away if at any time there is a change in your circumstances that affects your ability to keep to the payment agreement. This may be, for example, a sudden reduction in earnings or a diagnosed medical condition which may affect your income. Please call us on 0345 122 6780 as soon as you can so we can help.

12. County Court Claims

As discussed in Section 5, our debt follow-up procedures will finally result in a claim to the county court. If a county court claim is made against you for a debt that you are not liable for or we obtain a county court judgement in these circumstances, and you had previously notified us of such, you will receive £150. We will also correct the situation, withdrawing all fees and costs associated with the proceedings.

We will not apply for a county court claim if the Job Centre Plus, Social Services, a debt advice agency or the Consumer Council for Water ask us not to. If we do not keep to this standard, we will pay £50 for any distress and inconvenience we may have caused. We will also withdraw the claim.

13. What to do if you are unhappy

As an LNWL customer we believe you are entitled to a high level of service from us. We want to hear from you if you are disappointed with the service you have received. It is important to us that you tell us where you think we have been going wrong so we can improve our service for the future. If you would like to ask someone else to complain on your behalf then we will accept the details from them. We will need to check that they have authority from you to discuss your account if this is necessary to resolve your complaint.

If you do not pay for the services we provide, there are certain steps we will take to recover the money we are owed. We want to avoid having to take these steps. At any stage, you can contact us (or our agents if the account has been passed to them) and make and keep an agreement to pay that will avoid further debt recovery action.

We carefully monitor complaints so that we can avoid making the same mistakes again. If something goes wrong, we want you to tell us. Then we can put it right and make sure the same thing doesn't happen to someone else.

Step 1 - If you are unhappy with any service or contact you have with us, please phone us on 0345 122 6780, or if you want to write, our address is: LNWL, Level 2, Metro, 33 Trafford Road, Manchester M5 3NN. You can also email us about your complaint by using the following address: water@leeputilities.co.uk

If you tell us you are not happy with the way we dealt with your enquiry or delivered a

service, we will do our best to sort things out immediately.

If you are still not satisfied, please ask to speak to a manager. Alternatively, you can write to us or email explaining why you are unhappy.

We will respond within 10 working days from the date we receive your contact. If we do not respond to you in this time then we will make a payment to you under our Guaranteed Standards Scheme. For full details of this, please visit our website at www.leeputilites.co.uk or call our customer service team on 0345 122 6780.

Step 2 - If you are still not satisfied, you can raise the matter with our Head of Customer Service, who you can contact at:

Head of Customer Service LNWL
Level 2 Metro
33 Trafford Road Manchester
M5 3NN

They will review your complaint and the response we gave. The Head of Customer Services will then contact you promptly with their findings, either by telephone or in writing.

Within 8 weeks of us receiving your complaint we will either:

- resolve your complaint; or
- advise you that we are still not in a position to issue our final response. We will tell you why and when we expect to be able to provide this.

Step 3 - Should you be unhappy with our response, your issue is over 8 weeks old, or you just want some free, trusted, independent advice, you can call the Consumer Council for Water (CCW) the independent voice for water consumers in England and Wales by calling 0300 034 2222 (England) / 0300 034 3333 (Wales) or use its online form at www.ccw.org.uk/contact-us

14. Getting in touch

If you have a question about your bill or our services, then please call us on 0345 122 6780. We are open from 8am to 6pm Monday to Friday.

We prefer you to phone rather than write because it is quicker, more direct and easier

for us to answer your questions straight away. But if you want to write, our address is:

Leep Networks (Water)
Ltd Level 2
Metro
33 Trafford
Road
Manchester
M5 3NN

You can also contact us through our website at www.leeputilities.co.uk. If you have any queries about the information or commitments set out in this code of practice, you can contact us as set out above. Alternatively, you can email our customer service team at water@leeputilities.co.uk.

15. Other leaflets we produce

We produce a range of helpful leaflets about our water and waste water services. These include:

- Code of Practice for Customers;
- Code of Practice on Leakage;
- Water Charges Scheme;
- Guaranteed Standards Scheme;
- Water Savings Advice.

These leaflets are available on our website at www.leeputilities.co.uk or may be obtained by calling our customer service team on 0345 122 6780.
