

Written Resolution of the Board of Leep Networks (Water) Limited (LNWL)

Statement of Assurance to Ofwat concerning the production of LNWL's Connection Charges for 2024 / 2025

After making enquiries, the Directors named below confirm that LNWL:

1. Complies with its obligations relating to the Charging Rules for New Connection Services (English Undertakers);
2. Has appropriate assurance processes in place to ensure that the information published in its Charging Arrangements and in this Statement is accurate; and
3. Will broadly maintain the balance of charges between developers and other customers where requests for new connections are received. The retail charges to end users within LNWL's areas are set under relative price control arrangements with other fixed charges, such as infrastructure charges, also set to mirror those of the relevant incumbent company.
