**Qualification and Maintenance – Submission Approval**

Dear REC Performance Assurance Team,

I understand that as a REC Party, or an organisation that uses REC Services, we need to be Qualified and maintain this qualification. This includes providing relevant submissions (e.g. Annual Statement, Compliance Statement, External Assessment or System and Process Change Disclosures) that are signed and approved by a Company Director (or equivalent representative, if not a Company).

To support the submission process on the REC Portal, please treat this letter as confirmation that Qualification and Maintenance outputs have been approved by a Company Director. Information will be uploaded and submitted on the REC Portal by a Delegated Authority acting on behalf of the company Director(s) for the calendar years 2023-24.

Delegated Authority: Vicky Bell, Head of Regulation & Compliance

Yours sincerely,

A handwritten signature in dark ink, appearing to read "Victoria Louise Manfredi".

Victoria Louise Manfredi
